THE HERPES COMES OUT

Prequently Shows Riself in the Same
Place Every Winter.

The herges very frequently shows itself only in the winter time and in identically the same spot every year. When it comes out a little poslam should be at once applied, and this annoying skin affection will quickly vanish. Poslam is the new skin remedy which has cured thousands of the worst cases of comma and eradicated facial and other disfigurements of years' standing. The terrible litching attending eczema is stopped with the first application, giving proof of its curative properties at the very outset.

In less serious ekin affections, such as pimples, rash, herpes, blackbeads, sone, barber's itch, etc., results show after an overnight application, only a small quantity being required to effect a cure. Those who use poslam for these minor skin troubles should immediately secure one of the special 50-cent packages recently adopted to meet such needs. Both the 50-cent package and the regular 52 jar may be obtained at Lee & Osgood's and Smith's Drug Store in Norwich, the Larue Drug Store in Danielson and Chesebro Drug Store in Danielson and Chesebro Drug Store in Willimantic.
